EXPERIENCE

Software Developer

2023 - Present

Freelancer

Guadalajara, Jalisco,
México

Description

- Self-taught developer with hands-on experience in building diverse applications to address real-world needs. Developed a cafe tracker web app with Flask, a childhood game recreation with PyCharm, and a watermark GUI with Tkinter. Continuously learning and applying new technologies to create innovative solutions.

Blueprint Drawer

07/2023 - 11/2023

CAUTIN

Guadalajara, Jalisco,
México

Description

- As a Blueprint Drawer at Cautin, created detailed technical drawings and blueprints for structural calculations. Translated engineering concepts into accurate visual plans, ensuring all blueprints met project specifications and industry standards. Collaborated with engineers and architects to support the successful completion of construction and engineering projects.

EDUCATION

Software Developer

2024 - Present

Zero To Mastery Academy

Engineer, Civil Engineer

01/2016 - 12/2021

ITESO Universidad Jesuita de Guadalajara

SUMMARY

Aspiring software developer with a passion for technology and a talent for quickly learning new skills. As a self-taught developer, I've invested countless hours mastering Python and building various projects, including a cafe tracker and a recreation of a childhood game. My journey is fueled by curiosity and a drive to create software that solves real-world problems. I thrive on the challenge of coding and finding innovative solutions to complex issues. I continually expand my knowledge through online courses, personal projects, and collaboration with others. With my creativity, enthusiasm, and commitment, I'm eager to bring fresh ideas and positive energy to my workplace.
